Department: Customer Success **Category:** FAQ **Confidentiality:** Public **Applicable customers:** All

Fictional training dataset. All entities, people, locations, policies, prices and contact details are synthetic and created solely for RAG development.

FAQ

1. What is Nexora?

A fictional SaaS company providing cloud software, analytics, AI, workflow automation and security tools.

2. Where is Nexora headquartered?

48 Meridian Loop, Northbridge, Arcadia 40817.

3. When was Nexora founded?

2018.

4. How many employees does Nexora have?

286 fictional employees as of the current company overview.

5. What is the Starter monthly price?

\$19 per month.

6. What is the Professional monthly price?

\$59 per month.

7. What is the Business monthly price?

\$149 per month.

8. Does Enterprise have a fixed public price?

No. Enterprise pricing is negotiated.

9. What is Professional annual pricing?

\$590 per year.

10. What is Business annual pricing?

\$1,490 per year.

11. How many users are included in Professional?

25 users.

12. How much storage is included in Business?

1 TB.

13. What is the standard Cloud API rate?

120 requests per minute per workspace, with a burst allowance of 240 requests/minute for up to 30 seconds.

14. What is the maximum standard Cloud file size?

2 GB per file.

15. What file formats can Nexora AI accept?

PDF, DOCX, TXT, CSV, XLSX, PNG and JPG.

16. What models are in Nexora AI?

Nexa-Text-2, Nexa-Reason-1 and Nexa-Vision-1.

17. What is the AI context limit for Nexa-Text-2?

128k tokens.

18. What is the AI prompt limit on standard plans?

64k input tokens per request.

19. What is AI retention on standard plans?

30 days.

20. Can Enterprise choose AI retention?

Yes: 7, 30 or 90 days.

21. What is the standard refund window?

30 calendar days from the first paid subscription charge.

22. Does cancellation produce a prorated monthly refund?

Normally no.

23. What happens to an annual subscription after cancellation?

Cancellation normally prevents the next renewal but does not create a prorated refund after the refund window.

24. Do enterprise refund rules always match the standard policy?

No. The executed enterprise order form can contain negotiated refund terms.

25. What is Severity 1?

A complete production outage or material security incident.

26. How quickly does Enterprise Support respond to Severity 1?

The standard Enterprise target is a 1-hour initial response.

27. How often are Severity 1 updates sent?

Every 60 minutes under the standard Enterprise target.

28. What is the Business uptime commitment?

99.9% monthly uptime.

29. Does Professional have the 99.9% contractual commitment?

Not under the standard plan terms.

30. Is SAML SSO available on Business?

Yes.

31. Is SCIM available on Business?

No; SCIM is Enterprise-only.

32. Can Enterprise use dedicated infrastructure?

Yes, by Enterprise agreement and potentially with a separate infrastructure fee.

33. What is the Cloud API base URL?

<https://api.nexora.example/v1>.

34. What does NX-429 mean?

Rate limit exceeded.

35. What does NX-403 mean?

Permission denied.

36. What does NX-413 mean?

Payload too large.

37. How many webhook retries occur?

Up to five attempts over 30 minutes.

38. What should a client use for duplicate webhook protection?

The event_id field as an idempotency key.

39. Does Nexora AI share Cloud API quotas?

No. AI has separate rate and usage controls.

40. Can Nexora customers export data?

Yes; CSV and JSON exports are supported, with scheduled exports on Business and Enterprise.

41. Who is Nexora's largest customer?

Not documented in the knowledge base.

42. What was Nexora's 2025 revenue?

Not documented in the knowledge base.

43. Does Nexora have an office in Tokyo?

Not documented in the knowledge base.

44. What is the CEO's personal phone number?

Not documented and should not be inferred.

45. Can a trial be cancelled before conversion?

Yes, and cancellation before conversion avoids a subscription charge.

46. When do downgrades take effect?

Generally at the next renewal.

47. When do upgrades take effect?

Immediately after successful payment.

48. What is the Starter AI allowance?

500 AI actions per month.

49. What is the Business AI allowance?

25,000 AI actions per month.

50. Can Enterprise negotiate API limits?

Yes.
